November 15, 2005

To the Honorable Mayor and Members of the City Council
To the Citizens of the City of Winchester
Winchester, Virginia

Ladies and Gentlemen:

The Comprehensive Annual Financial Report (CAFR) of the City of Winchester, Virginia for the fiscal year ended June 30, 2005 is submitted herewith pursuant to Section 15.1-166 & 167 of the Code of Virginia. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of all the funds of the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities are included.

The Comprehensive Annual Financial Report is presented in four sections:

Introductory Section - This section is designed to give the reader of the report basic background information about the governmental unit as a whole. It includes the table of contents, a listing of principal officials of the City, an organizational chart, the letter of transmittal, and the Certificate of Achievement for Excellence in Financial Reporting.

Financial Section - This section includes the Management's Discussion and Analysis; the Independent Auditor's Report on the basic financial statements; the basic financial statements; required supplementary information; and other supplementary information.

Statistical Section - This section includes selected financial and demographic information, covering a period of ten (10) years.

Single Audit Section - The City is required to undergo an annual single audit in conformity with the provisions of U.S. Office of Management and Budget Circular A-133, Audits of States and Local Governments, and Non-Profit Organizations. Information related to this single audit, including the schedule of expenditure of federal awards, schedule of findings and questioned costs, and auditor's reports on internal control structure and compliance with applicable laws and regulations are included in this section of the report.

The City's management is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft, or misuse; to ensure that adequate accounting data are compiled; and to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the evaluation of costs and benefits requires estimates and judgments by management.

State Statutes require an annual audit by independent certified public accountants. The accounting firm of Didawick & Knopp, P.C. performed the City of Winchester's audit for the fiscal year ended June 30, 2005. In addition to complying with the requirements set forth in the State Statutes, the audit was designed to comply with the requirements of the Single Audit Act of 1984 and related OMB Circular A-133. The auditor's report on the basic financial statements is included in the Financial Section of this report. The auditor's reports related specifically to the single audit are included in the Single Audit Section.

Generally accepted accounting principals require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Winchester's MD&A can be found immediately following the report of the independent auditors.

Profile of the City of Winchester

The City of Winchester is located in the northern tip of Virginia in the Shenandoah Valley. Winchester, founded in 1744, is the oldest city in Virginia west of the Blue Ridge Mountains. The City currently occupies a land area of 9.2 square miles and serves a population of 24,400. Two major interstate highways, I-81 and I-66, and four major state highways, Routes 50, 7, 11, and 522, provide direct access to eastern markets, including Washington, D.C., 72 miles away, and Baltimore, 97 miles away.

The City of Winchester has a Council/Manager form of government. The thirteen member Council consists of a Mayor and twelve Councilors who are elected at-large and serve for a period of four years. In the governance of the City, the Council is charged with the responsibility of establishing policies and enacting ordinances and resolutions. The City Manager is appointed by the Council, and is charged with the responsibility of administering daily operations and implementing Council directives.

The City provides a full range of services, including the following: police and fire protection; emergency response and rescue services; education; water and sewer services; refuse removal and disposal services; the construction and maintenance of highways, streets and infrastructure; parks and recreational activities; cultural events; parking facilities; transit services; social services; planning and zoning; and general administration. All moneys required to support these services are reflected in this report.

In June of 2005, City of Winchester and community representatives vied for the Title of "All America City" along with 30 other Communities. The City's program focused on three items: Our Health's Health and Human Complex; "Mission: Communicate" which is the City's effort to better connect with the Latino community; and the Boys and Girls Club of the Northern Shenandoah Valley- Caretakers Unit. The City of Winchester and nine other communities were named co-winners of the "All-America City" award. Winchester won the same title in 1991. Past "All-America Cities" have used the recognition to boost economic growth and reinforce community collaboration.

The CAFR includes all funds, component unit agencies, and boards and commissions for which the City is financially accountable. Financial accountability is defined as appointment of a voting majority of such an entity's Board, and either (a) the ability to impose its will, or (b) the possibility that the component unit will provide a financial benefit to, or impose a financial burden on, the City.

Based on the foregoing criteria, the financial activities of the following organizations are included in the financial statements for the reasons indicated:

- ◆ Winchester Parking Authority (WPA): The City of Winchester created the WPA to plan and foster the development of off-street parking facilities. The WPA is included in the accompanying financial statements as the City appoints all WPA members and is able to impose its will on the WPA.

- ◆ Winchester School Board (Board): The Board was created as a separate legal entity by the City to oversee the operation and management of its publicly funded primary and secondary schools. All members of the Board are appointed by the City's Common Council, which has the ability to impose its will upon the Board.

Financial activities of the following joint ventures and other related organizations are not included in the CAFR, but are disclosed in the notes to the financial statements in accordance with pronouncements of the Governmental Accounting Standards Board:

- ◆ Frederick-Winchester Service Authority
- ◆ Winchester Regional Airport Authority
- ◆ Handley Regional Library Board

The City maintains budgetary control as part of its fiscal management techniques. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the biennial appropriated budget approved by the City's governing body. The level of budgetary control (the level at which expenditures cannot legally exceed the appropriated amount) is established at the departmental level. Only the Common Council can revise the appropriation for each department. The City Manager is authorized to transfer appropriations within general government departments, and the School Board is authorized to transfer budgeted amounts within the school system's categories. As demonstrated by the statements and schedules included in the financial section of this report, the City meets its responsibility for sound financial management.

Local Economy

The City is the region's commercial, industrial, and medical center serving a 60-mile radius. Because of the City's position as a regional economic center and its extensive highway system, the City's work force is drawn from a substantially broader area. Employers in the area offer a wide variety of private sector jobs ranging from agriculture, forestry, and manufacturing, to retail, professional, educational, and medical services.

The City's largest employer is the Valley Health Systems, which owns and operates the Winchester Medical Center and other related services such as urgent care clinics, home health services, a childcare facility, and transport services. The Winchester Medical Center is a non-profit, regional referral hospital, serving the tri-state region surrounding the City. The 405-bed facility offers a full range of inpatient and outpatient diagnostic, medical, surgical and rehabilitative services.

Located within the City of Winchester is Shenandoah University, a United Methodist Church-affiliated institution, which was founded in 1875 in Dayton, Virginia, and moved to Winchester in 1960. Today, Shenandoah University has an enrollment of approximately 3,000 students. These students participate in more than 80 programs of study at the undergraduate, graduate, doctorate and professional levels in six schools: the College of Arts and Sciences, School of Business, School of Health Professions, Shenandoah Conservatory, School of Pharmacy, and School of Continuing Education.

The City of Winchester, the Winchester Public Schools, and Shenandoah University jointly operate Winchester Community Television on cable television channel 29. The purpose of this channel is to inform and educate the public about such information as the City's programs and services, Council actions, and scheduled meetings. The channel began operations in February 1996 and is supported through contributions from the participating organizations. The City also maintains a web page at www.ci.winchester.va.us, which provides an additional means of communicating with the public about the City's programs and services. The Winchester Public Schools maintains a web page at www.wps.k12.va.us, which provides information about the programs and services of the school system.

The Winchester Regional Airport, an all-weather general aviation airport, serves the area. The airport is operational twelve hours a day with on-call and U.S. Custom service available twenty-four hours a day. It is the official airport of the Virginia Inland Port Authority, which is fifteen miles south of Winchester. The

City participates with other user localities in a joint venture to operate the airport, and contributes a share of the local funding needed for the operations and capital requirements of the airport.

The City's commercial/industrial tax base accounts for 34% of the taxable real property value in the City. The City serves as the major retail center for the region. Apple Blossom Mall, an enclosed regional shopping center, contains Sears, Belk, and J.C. Penney as its anchors, along with an additional 85 specialty stores. Plazas such as Apple Blossom Corners and Pleasant Valley Market Place house Martin's, Food Lion, Staples, Circuit City, Kohl's, Office Max, and Books-A-Million. Also, serving the area are a Wal-Mart Supercenter, Lowe's, Home Depot, Big K-Mart, Target, T.J. Maxx, and Pier 1 Imports. The Old Town Mall, a pedestrian mall in the City's downtown, offers a wide range of specialty shops and restaurants.

The City's Economic Redevelopment Department and other regional economic organizations collaborate to facilitate economic growth in the City and the surrounding areas. The current efforts of the Economic Redevelopment Department include the development of a new 30 acre commercial park off of Valley Avenue, and the stimulation of continued retail development activities. The City has also been successful in obtaining grant funding for Redevelopment activities. The City is participating with the US Department of Housing and Urban Development through the Community Development Block Grant Entitlement Program which provides ongoing annual funding. In FY2006, the City has a Consolidated Plan to spend the annual allocation of roughly \$300,000. The major focus of the Community Development Block Grant Entitlement Funds is to encourage and support expanded homeownership opportunities and the rehabilitation of single-family homes within the City of Winchester.

In addition, the City's Old Town Development Board continues to successfully market the City's downtown. New businesses continue to locate downtown, while existing businesses thrive. The Old Town Development Board administers the Main Street Program, which concentrates on downtown revitalization- putting the traditional assets of downtown, such as unique architecture and locally-owned businesses, to work as a catalyst for economic growth and community pride. The efforts of the Winchester Old Town Development Board have earned it recognition for excellence in the field of downtown revitalization by meeting high standards of performance set by the Virginia Main Street Program and the National Trust for Historic Preservations National Main Street Center.

Long-term Financial Planning

Unreserved, undesignated fund balance in the general fund (23% of total Governmental fund expenditures) falls within the policy guidelines that Council has established for planning purposes. Twenty percent is the target for the City's fund balance.

As part of our strategic plan, the City has implemented a 20 year financial planning model to help project revenue and expenditures through the year 2025. Factored into the financial planning model are the future major capital projects. In FY 2006 the City will be issuing \$45 million in bonds for the Daniel Morgan Middle School renovations; the John Handley High School renovations; water plant upgrades, road improvements; and other building renovations. Renovations to Daniel Morgan Middle School, John Handley High School, and John Kerr Elementary School will continue through FY 2010. The total bond issue for the schools projects through 2010 will be approximately \$35 million. Operational costs for the newly renovated facilities will increase as the renovations are completed at a total approximate cost of \$1,725,000. The school renovations should take us well into the future to provide a quality education to all students in the City.

Relevant financial Policies

In December 2003, along with the fund balance policy, City Council adopted a debt obligation policy, which states that net debt as a percentage of assessed value will not exceed 4%. General obligation debt service and capital lease payments as a percentage of general governmental expenditures will not exceed 15%.

The City's investment policy is designed to allow the City to obtain the highest possible yield on available City financial assets, consistent with constraints imposed by its safety objectives, cash flow considerations, and Virginia State laws that restrict the placement of public funds. Accordingly, deposits were either insured by Federal Depository Insurance or collateralized in accordance with the Virginia Security for Public Deposits Act.

Major Initiatives

The City of Winchester is planning to upgrade specific treatment equipment at the Percy D. Miller water treatment plant. The upgrades will include the following:

- Sedimentation basin sludge removal equipment
- New electrical generator that will power the entire water treatment facility
- Conversion of the chlorine disinfectant equipment from gaseous to liquid chlorine

The sedimentation basin equipment is approximately 50 years old and has not been upgraded since its original construction. The equipment is in need of replacement. The plant, with a capacity of 10 millions gallons per day, has the capability of partial emergency generation of about 3.5 million gallons per day. A new generator will be able to give total emergency capacity to the plant. The gaseous chlorine system, used for disinfection, would be replaced by the much safer sodium-hypochlorite (liquid chlorine). The total project cost for these upgrades is estimated to be \$6 million and will be funded through General Obligation bonds.

There are several transportation related projects throughout the City planned through fiscal year 2009. With the expansion and improvements of Hope Drive, Piccadilly Street and Valley Avenue, the City expects to issue approximately \$15,500,000 in GO Bonds to finance these projects. The City will be working with the IDA and the Commonwealth of Virginia to offset the costs of the projects.

Awards and Acknowledgment

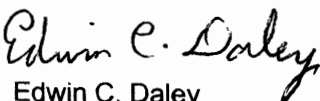

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Winchester for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2004. This was the thirteenth year that the City of Winchester has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

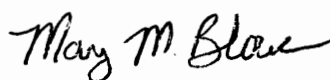

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report was made possible by the dedicated and effective efforts of City and Schools Finance staff, and staff in other departments throughout the City who assisted in gathering the information for this report. Many hours of hard work are represented herein, and we extend our sincere appreciation to each member of our staff who contributed to the final report.

Finally, grateful appreciation is extended to the City Council for their leadership and support throughout the year.

Respectfully submitted,

Edwin C. Daley
City Manager

Mary M. Blowe
Finance Director

Celeste R. Broadstreet
Assistant Finance Director

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Winchester,
Virginia

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2004

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

INDEPENDENT AUDITORS' REPORT

The Honorable Members of the Common Council
City of Winchester, Virginia

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Winchester, Virginia (the "City"), as of and for the year ended June 30, 2005, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *Specifications for Audits of Counties, Cities, and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2005, and the respective changes in financial position and cash flows, where applicable, thereof, and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 21, 2005, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in considering the results of our audit.

Management's Discussion and Analysis and Schedule of Funding Progress for Defined Benefit Pension Plan on pages 3 through 11 and 48, respectively, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of State, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of the City's.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Didarick & Knapp, P.C.

**City of Winchester, Virginia
Managements Discussion and Analysis
Fiscal Year ended June 30, 2005**

This section of the City of Winchester's (the City's) annual financial report presents an overall review of the City's financial activities for the fiscal year ended June 30, 2005. Please review all documentation in conjunction with the City's financial statements and the transmittal letter for an overall picture of the City's financial performance as a whole.

Financial Highlights

- The assets of the City of Winchester, on a government-wide basis excluding component units, exceeded its liabilities at the close of fiscal year 2005 by \$48.5 million (net assets).
- The City's total net assets decreased approximately \$6.1 million over the course of this year's operations. Net assets of governmental activities decreased \$11.1 million while net assets of business-type activities increased \$5.0 million. The decrease in net assets by the governmental activities is the result of school construction bonds issued by the City for the School Board. This debt is reflected as a liability for the City; however, the corresponding assets are recorded with the Component Unit – School Board.
- At the end of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$21.8 million, an increase of \$2.7 million in comparison with the prior year. Approximately 98 percent of this amount, \$21.4 million, is available for spending at the government's discretion (undesignated fund balance).
- As of the close of the current fiscal year, the unreserved fund balance of the City's general fund was \$19 million, an increase of \$3.4 million in comparison with the prior year. This amount represents 27% of total general fund expenditures.
- The City's total bonded debt increased by \$16.5 million, or 27%, during the current fiscal year due to the issuance of \$20 million in new debt issued primarily for school construction projects.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenue (governmental activities) from other functions that are

intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include: general government; judicial administration; public safety; public works; health and welfare; and recreation and cultural. The business-type activities of the City include water and sewer and bus operations.

The government-wide financial statements include not only the City itself (known as the primary government), but also a legally separate school district and a legally separate parking authority for which the City is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains thirteen governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the general fund, which is considered a major fund. Data from the other twelve governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts a biennial appropriated budget for its governmental funds. A budgetary comparison statement has been provided for the governmental funds to demonstrate compliance with this budget.

Proprietary funds. The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water and sewer operations and for its bus service. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its employee benefits program, insurance programs, and equipment maintenance operation. Because these three functions predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Sewer Fund (a major fund) and the Bus Service Fund (a nonmajor fund). Conversely, the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The City has four fiduciary funds: the Northern Shenandoah Valley CSA Trust Fund, Special Welfare Fund, Northwestern Regional Jail Authority Construction Fund, and Northwestern Regional Juvenile Detention Center Fund. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 24-47 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on page 49 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the required supplementary information on pensions.

Government-wide Financial Analysis

As noted earlier, net assets (assets in excess of liabilities) may serve over time as a useful indicator of a government's financial position. Table 1 shows that the primary government's assets exceeded liabilities by \$48.5 million at the close of fiscal year 2005.

The City's net assets reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although, the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Table 1
City of Winchester's Net Assets
Fiscal Year ended June 30, 2005
(in millions)

	Governmental Activities		Business-Type Activities		Total Primary Government		Component Unit School Board	
	2005	2004	2005	2004	2005	2004	2005	2004
Assets								
Current and other assets	\$ 30.2	\$ 25.7	\$ 10.8	\$ 9.2	\$ 41.0	\$ 34.9	\$ 20.4	\$ 12.1
Capital assets	43.7	41.7	50.3	46.1	94.0	87.8	42.7	23.0
Total Assets	73.9	67.4	61.1	55.3	135.0	122.7	63.1	35.1
Liabilities								
Current and other liabilities	9.9	7.3	3.0	2.7	12.9	10.0	14.9	6.2

Governmental activities. As shown in Table 2, net assets for governmental activities decreased from \$22.0 million at the end of FY2004 to \$10.9 million at the end of FY2005. The major reason for the decrease is due to the fact that the City borrowed and expensed \$18.4 million in FY2005 for school construction projects. The City, as required by GASB 34, reports its liability for the repayment of the debt associated with the construction of school facilities under the governmental activities category. The City, not the School Board, is obligated for the debt. The related capital assets are presented under the Component Unit – School Board.

If the debt related to the construction of schools was not presented in governmental activities, the net assets for the governmental activities would be \$48.9 million and the total net assets for the primary government would be \$97.0 million.

As shown in Table 2, the City's revenues from governmental activities totaled \$64.7 million for FY2005, an increase of \$6.4 million from FY2004. As shown in Figure A, the City received 74% of its revenue from taxes. The major source of revenue for the City was property taxes (\$20.7 million or 32%), composed of real estate, personal property taxes, and machinery and tools taxes. The City's assessed value of taxable real property for FY2005 increased by approximately 21%, primarily due to the general reassessment of real property completed for the 2005 tax year. This resulted in a \$3.0 million increase in real estate taxes over the prior year. The City will use this increase in revenue to offset the upcoming increase in debt service payments due to the school construction projects started in FY2004.

The City's expenses from governmental activities totaled \$77.6 million for the fiscal year ended June 30, 2005. As shown in Figure B, education was the largest expense at \$41.4 million or 54%, an increase of \$14.5 million from FY2004. This large increase in education expense represents the City's transfer of bond proceeds to the School Board to fund school construction. Public safety was the second largest expense at \$12.4 million or 16%. Table 2 shows the City's revenue and expenses of the governmental and business-type activities.

Figure A
Revenues by Source – Governmental Activities

Figure B
Expenses and Program Revenues – Governmental Activities

Business-type activities. The City's business-type activities include the water and sewer fund and the bus service fund. The net assets of these business-type activities totaled \$37.6 million (Table 2) an increase of \$5.1 million from the prior year. As shown in Figure C, the major revenue source for the business-type activities is charges for services, including water and sewer utility and transit fees, which totaled \$14.7 million or 80% of the total revenues for business-type activities. Capital grants and contributions increased from 2% (\$314,144) at the end of fiscal year 2004 to 14% (\$2.5 million) at the close of fiscal year 2005. This increase can be attributed to the increase of contributed capital in the form of water & sewer infrastructure to the City. Expenses of the business-type activities totaled \$11.4 million, only a slight increase from the prior year.

Expenses and Program Revenues – Business-type Activities

Financial Analysis of the City's Funds

The City of Winchester uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

For the fiscal year ended June 30, 2005, the City's governmental funds reported combined fund balances of \$21.8 million, an increase of \$2.7 million in comparison with the prior year. Approximately \$21.4 million of the combined total fund balances constitutes unreserved fund balance, which is generally available for spending at the City's discretion.

The general fund is the chief operating fund of the City. For the fiscal year ended June 30, 2005, the unreserved, undesignated fund balance of the general fund was \$18.7 million, while total fund balance reached \$19.0 million. Unreserved, undesignated fund balance represents 27% of total general fund expenditures, as a measure of the general fund's liquidity.

The fund balance of the City's general fund increased by \$3.4 million during the current fiscal year, primarily due to the additional property tax revenues generated from the 21% increase in real property assessment values within the City. Another factor was the increase in other local taxes, such as meals tax, business, professional and occupational licenses, telephone utility, and recordation taxes, due to the strong local economy.

Proprietary funds. The City's proprietary fund statements provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net assets of the City's water and sewer fund for the fiscal year ended June 30, 2005, amounted to \$7.3 million, and those for the bus service fund amounted to \$0.2 million. The total growth in net assets for both funds was \$4.0 million and \$1.0 million, respectively.

General Fund Budgetary Highlights

City Council revised the City budget five times over the course of the year. The difference between the original budget and the final amended budget for the general fund was an increase of \$21.8 million, including the following:

- \$19.1 million supplemental appropriation for the transfer of bond proceeds to the School Board for the renovations and expansion of school facilities.
- \$0.8 million supplemental appropriation for the City's contribution to the new History & Tourism Center being built in Jim Barnett Park.
- \$0.5 million supplemental appropriation to the Northwestern Regional Jail Authority for capital improvements.

Actual revenues exceeded final budget amounts by \$3.9 million, while actual expenditures were \$2.0 million less than final budget amounts. Highlights of the comparison of final budget to actual figures include the following:

- Actual general property tax revenues exceeded estimated revenues by \$1.8 million due to an average 21% increase in real estate assessments. This revenue will allow the City to grow our fund balance while still maintaining a reasonable tax rate during this time when the City is embarking on many new capital projects.
- Other local taxes also exceeded estimated revenues by \$1.3 million, due to a combination of increases in meals taxes; business, professional and occupational licenses taxes; telephone utility taxes; and recordation taxes. These increases are the direct result of brisk economic growth in retail, commercial and the housing market, which has remained strong and continues to grow.
- Actual combined general government administration, public safety, public works, and health and welfare expenditures were \$1.8 million less than budgeted amounts resulting primarily from savings in personnel costs due to managed position vacancies.
- Actual correction and detention expenditures were \$0.5 million less than budgeted amounts due to the delay in construction on the expansion of the Northwestern Regional Jail.

Capital Assets and Debt Administration

Capital assets. The City of Winchester's investment in capital assets for its governmental and business-type activities as of June 30, 2005, amounts to \$93.9 million net of depreciation, which represents an increase of \$6.1 million, or 7% over the prior year. This investment includes land, buildings, improvements, water and sewer distribution systems, roads and bridges, and machinery and equipment. More detailed information regarding the City's capital assets can be found in Note 7 to the financial statements.

Major capital asset events during the fiscal year included the following:

- Completion of a new courtroom in the Joint Judicial Center for a cost of \$0.5 million.
- Completion of a new maintenance shed in Jim Barnett Park for \$93,000.
- Developer conveyance of the new street, Hope Drive, for \$.8 million.
- Work continues on the Town Run sewer and storm water system improvements and burial of overhead utilities; construction in progress as of the end of the current fiscal year had reached \$6.6 million.
- Developer conveyance of sewer lines and manholes totaled \$2.0 million.

Table 3 summarizes the City's capital assets as of June 30, 2004 and 2005.

Table 3
City of Winchester's Capital Assets

Long-term debt. As shown in Table 4, the City of Winchester had total bonded debt and capital leases outstanding of \$77.2 million, for the fiscal year ended June 30, 2005, an increase of \$16.5 million from the fiscal year ended June 30, 2004. This entire amount is backed by the full faith and credit of the City, with \$21.3 million of the total being repaid by the City's business-type activities.

Table 4
City of Winchester's Outstanding Debt
Fiscal Year ended June 30, 2005

	Governmental Activities		Business-Type Activities		Total Primary Government	
	2005	2004	2005	2004	2005	2004
General Obligation Bonds	\$ 54,971,522	\$ 39,372,376	\$ 21,291,086	\$ 20,762,190	\$ 76,262,608	\$ 60,134,566
Capital Lease Agreements	945,288	562,352	-	-	945,288	562,352
Total capital assets	\$ 55,916,810	\$ 39,934,728	\$ 21,291,086	\$ 20,762,190	\$ 77,207,896	\$ 60,696,918

For the fiscal year ended June 30, 2005, the City retired \$18.3 million of outstanding principal and issued \$35 million of new long-term debt. More detailed information regarding the City's long-term debt can be found in Note 10 to the financial statements.

The City issued \$20 million general obligation public improvement bonds to finance school design, school construction, and utility improvements.

The City issued \$15.0 million general obligation refunding bonds to provide resources to purchase U.S. Treasury Obligations that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of \$14.2 million of three earlier general obligation issues. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental and business-type activities columns of the statement of net assets. This advance refunding was undertaken to reduce total debt service payments over the next 15 years by \$0.9 million and resulted in an economic gain of \$0.6 million.

The City's General Obligation Bonds in prior bond issues have been rated AA by Standard & Poor's Corporation, and Aa3 by Moody's Investors Service. The legal debt margin of the City is 10% of the total assessed valuation of the real estate within the City, which is subject to local taxation. The limitation complies with Article VII, Section 10(a) of the Constitution of Virginia, 1971, and Section 15.1-176 of the Code of Virginia, 1950, which defines the limitation on outstanding indebtedness that may be incurred by cities. Based on 10% of the assessed value of real property, the City's legal debt limit is \$244.6 million. As of June 30, 2005, the City's total debt applicable to the limitation totaled \$76.6 million, leaving a legal debt margin of \$167.9 million.

Economic Factors and Next Year's Budgets and Rates

- There is an active reimbursement resolution for \$4.5 million to pay costs for a Senior Center and Joint Judicial Center HVAC and roof replacement costs before bond proceeds are received in FY2006.
- There is a group studying the feasibility of an Emergency Medical Service fee. Funds generated from this fee would be used to pay for additional staffing and equipment for the Fire & Rescue Department and Volunteer Fire Stations throughout the City of Winchester.
- City staff will be looking into ways to redevelop existing structures and eliminate blight throughout the City in an effort to create affordable housing for all.
- Economic development continues to be an ongoing effort within the City. We are currently expanding and improving our infrastructure to support more business and industry along Valley Avenue (U.S. route 11), a major commercial, retail and industrial corridor.
- The real estate tax rate may be adjusted based on an increase (or decrease) in assessments. The next real estate reassessments will be effective January 1, 2007. New housing throughout the City may contribute to increased real estate revenue.
- Effective FY2007 the real estate benefits for tax relief for the elderly and disabled were increased to help aid more of the City's elderly and/or disabled.
- In an effort to reduce costs and encourage recycling the City has changed the way our recycling & refuse collection is handled. Currently, there is no limit for refuse pickup; however, beginning in FY 2006 there will be a limit of three (3) bags of garbage for residential customers. In addition, the City will no longer provide trash collection service to multi-family dwelling units. A multi-family project is defined as any apartment building or other building, or a group of buildings within the City consisting of more than four (4) dwelling units.
- For the month of June 2005, the City's unemployment rate was 3.59%, compared to the State's 3.8% and Federal rate of 5.2%.

Contacting the City's Financial Management

This financial report is designed to provide citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the funds it receives. If you have questions about this report or need additional financial information, contact the Director of Finance, City of Winchester, 15 N. Cameron Street, Winchester, VA 22601.

Taxes, including penalties	1,379,452	-	1,379,452
Accounts	1,047,353	73,044	1,120,397
Interest	23,070	3,444	26,514
Due from other funds	567,006	-	567,006
Due from component unit	7,548,306	-	7,548,306
Due from other governments	2,152,103	1,530,143	3,682,246
Prepaid items	70,439	-	70,439
Total assets	\$ 22,852,634	\$ 4,752,911	\$ 27,605,545
LIABILITIES AND FUND BALANCES			
Liabilities:			
Accounts payable	1,279,915	861,600	2,141,515
Deposits payable	131,212	-	131,212
Accrued payroll	676,802	186,359	863,161
Retainage payable	-	63,905	63,905
Due to other funds	-	458,306	458,306
Amounts held for others	39,586	-	39,586
Deferred revenues	1,742,991	335,740	2,078,731
Total liabilities	3,870,506	1,905,910	5,776,416
Fund balances:			
Reserved for:			
Housing loans	-	126,832	126,832
Unreserved, designated for, reported in:			
Public safety	278,460	-	278,460
Special revenue funds	-	50,040	50,040
Unreserved, undesignated reported in:			
General fund	18,703,668	-	18,703,668
Special revenue funds	-	1,236,501	1,236,501
Debt service funds	-	482,877	482,877
Capital projects funds	-	950,751	950,751
Total fund balances	18,982,128	2,847,001	21,829,129
Total liabilities and fund balances	\$ 22,852,634	\$ 4,752,911	

Amounts reported for governmental activities in the statement of net assets (Exhibit 1) are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	43,679,479
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.	1,260,621
Internal service funds are used by management to charge the costs of supplies, employee benefits, and risk management to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.	1,886,033
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.	(57,734,957)
Net assets of governmental activities	\$ 10,920,305

**CITY OF WINCHESTER, VIRGINIA
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
For the Year Ended June 30, 2005**

Exhibit 5

Net change in fund balances - total governmental funds (Exhibit 4)	\$ 2,700,823
Amounts reported for governmental activities in the statement of activities (Exhibit 2) are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays (2,837,793) exceeded depreciation (1,584,758) in the current period.	1,253,035
In the statement of activities, only the <i>gain (loss)</i> on the sale of capital assets is reported, whereas in the governmental funds, the entire proceeds from the sale increase financial resources. Thus, the change in net assets differs from the change in fund balances by the <i>cost</i> of the property sold.	(84,777)
Donations of capital assets increase net assets in the statement of activities, but do not appear in the governmental funds because they are not financial resources.	829,947
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	152,011
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(15,668,292)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(294,484)
Internal service funds are used by management to charge the costs of supplies, employee benefits, and risk management to individual funds. The net revenue (expense) of certain internal service funds is reported with governmental activities.	14,776
Change in net assets of governmental activities	<u>\$ (11,096,961)</u>

CITY OF WINCHESTER, VIRGINIA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2005

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City conform to generally accepted accounting principles (GAAP) applicable to government units promulgated by the Governmental Accounting Standards Board (GASB). The following is a summary of the more significant policies:

A. Reporting Entity

The City of Winchester, Virginia (the "City") is a municipal corporation governed by an elected mayor and thirteen-member council. The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements (see note below for description) to emphasize that it is legally separate from the government.

Blended Component Units:

The City of Winchester has no blended component units.

Discretely Presented Component Units:

The component unit columns in the financial statements include the financial data of the City's discretely presented component units. They are reported in separate columns to emphasize that they are legally separate from the City.

The City of Winchester School Board was created as a separate legal entity by the City to oversee the operations and management of its publicly funded primary and secondary schools. All members of the School Board are appointed by City Council, and the City has the ability to impose its will upon the Board. In addition, because the School Board does not have taxing powers, the School Board is fiscally dependent upon the City to provide significant funding to operate the public schools. The School Board must also obtain the City's approval for debt issuances.

The Winchester Parking Authority was created by the City of Winchester for the purpose of planning and fostering the development of off-street parking facilities. The City appoints all members of the Authority and is able to impose its will on the Authority. The City is financially accountable for the Authority because the City approves the Authority's budget, levies taxes (if necessary) and must approve any debt issuances.

Separate financial statements of these component units are not available.

Joint Ventures and Other Related Organizations:

Joint Ventures

The Frederick-Winchester Service Authority was created by the City and County of Frederick to provide for administration, planning and design of regional wastewater facilities for the participating jurisdictions. The City appoints a majority of the voting members of the Authority but has no equity interest in the venture. The Authority is able to meet its operating and other costs from charges for services.

The Winchester Regional Airport Authority was created by the City and the Counties of Frederick, Clarke, Warren, and Shenandoah to operate a regional airport facility as provided by Chapter 3, Title 5.136 Code of Virginia (1950), as amended. The City appoints less than a majority of Authority members and participating jurisdictions have no equity interest in the venture. The participants normally must subsidize operations and capital needs. During fiscal year 2005, the City provided total support of \$41,900.

City of Winchester, Virginia
Notes to Financial Statements
June 30, 2005

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

A. Reporting Entity (cont'd)

The Northwestern Juvenile Detention Center Commission was created by the City of Winchester and the Counties of Clarke, Frederick, Page, Shenandoah, and Warren to provide for the operation of a regional juvenile detention center for the use of the participating jurisdictions. The City serves as fiscal agent for the Commission and appoints a majority of the voting members of the Commission, but has no equity interest in the venture. The participants normally must subsidize operations and capital needs. During fiscal year 2005, the City provided total support of \$232,268.

Separate financial statements for these joint ventures may be obtained at the entity's Administrative offices as follows:

Frederick-Winchester Service Authority
P. O. Box 43
Winchester, VA 22604

Winchester Regional Airport Authority
491 Airport Road
Winchester, VA 22602

Northwestern Juvenile Detention Center Commission
145 Fort Collier Road
Winchester, VA 22603

Other Related Organizations

The Industrial Development Authority of the City of Winchester was created by Council resolution to promote industry and trade within the City. A board of seven directors appointed by the City Council governs the Authority; however, the City's accountability does not extend beyond making the appointments.

The Handley Regional Library Board was created by the City and the Counties of Frederick and Clarke to operate a regional library as provided in Chapter 2, Title 42.1-34 and 42.1-137 Code of Virginia (1950), as amended. Although the City appoints a majority of the Board members, its accountability does not extend beyond making the appointments. The participating localities have no equity interest in the library; however, the City provided \$326,700 to the Board for operating support for fiscal year 2005.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, *the primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements, with the exception of agency fund financial statements, which have no measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

City of Winchester, Virginia
Notes to Financial Statements
June 30, 2005

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (cont'd)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 45 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Accordingly, real and personal property taxes are recorded as revenues and receivables when billed, net of allowances for uncollectible amounts. Property taxes not collected within 45 days after year-end are reflected as deferred revenues. Sales and utility taxes, which are collected by the state or utilities and subsequently remitted to the City, are recognized as revenues and receivables upon collection by the state or utility, which is generally in the month preceding receipt by the City.

Licenses, permits, fines and rents are recorded as revenues when received. Intergovernmental revenues, consisting primarily of federal, state and other grants for the purpose of funding specific expenditures, are recognized when earned or at the time of the specific expenditure. Revenues from general-purpose grants are recognized in the period to which the grant applies. All other revenue items are considered to be measurable and available only when the government receives cash.

Governmental Funds account for the expendable financial resources, other than those accounted for in Proprietary and Fiduciary Funds. The governmental funds use the modified accrual basis of accounting where the measurement focus is upon determination of financial position and changes in financial position, rather than on net income determination as would apply to a commercial enterprise. The City reports the following governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The General Fund is considered a major fund for financial reporting purposes.

Special revenue funds account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes. Special revenue funds consist of the Social Service Fund, Comprehensive Services Fund, Federal and State Grants Fund, Community Development Block Grant Fund, Small Cities/Housing Fund, Highway Maintenance Fund, Emergency Communication Center Fund, Winchester-Frederick County Convention and Visitors Bureau Fund, Law Library Fund and Asset Forfeiture Fund.

Debt service fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds. Debt service funds consist of the School Bond Debt Service Fund.

Capital project funds account for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds. Capital project funds consist of the Capital Improvements Fund.

Proprietary Funds account for operations that are financed in a manner similar to private business enterprises. The Proprietary Funds utilize the accrual basis of accounting where the measurement focus is upon determination of net income. Proprietary Funds consist of Enterprise and Internal Service Funds. The government reports the following proprietary funds:

Enterprise Funds account for operations where the intent of the City is that the cost of provided services to the general public be financed and recovered through user charges. Enterprise funds consist of the Water and Sewer Fund and the Bus Service Fund. The Water and Sewer Fund, which accounts for the operation of the City's water distribution system and sewage collection system, is considered a major fund for financial reporting purposes.

City of Winchester, Virginia
Notes to Financial Statements
June 30, 2005

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (cont'd)

Internal service funds account for employee fringes, equipment inventory, and risk management services provided to other departments or agencies of the government, or to other governments, on a cost reimbursement basis. Internal service funds consist of the Employee Benefits Fund, Equipment Operating Fund and City Insurance Fund.

Fiduciary Funds account for assets held by the government in a trustee capacity or as agent or custodian for individuals, private organizations, other governmental units, or other funds. These funds include Private Purpose Trust and Agency Funds. Fiduciary funds utilize the accrual basis of accounting as described in the Proprietary Funds presentation. Agency funds reported by the City include the Northern Shenandoah CSA Trust Fund, Special Welfare Fund, Northwestern Regional Jail Authority Construction Fund, and the Northwestern Regional Juvenile Detention Center Fund. These funds account for assets held by the City for social service clients, regional jail construction, and a regional juvenile detention center.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Government Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule the effect of inter-fund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water and Sewer Fund, Bus Service Fund, and internal service funds are charges to customers for sales and services. The Water and Sewer Fund also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting the operating definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, and then unrestricted resources as they are needed.

D. Assets, Liabilities, and Net Assets or Equity

1. Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the government to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements, and the State Treasurer's Investment Pool.

Investments for the government, as well as for its component units, are reported at fair value. The State Treasurer's Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

City of Winchester, Virginia
Notes to Financial Statements
June 30, 2005

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

D. Assets, Liabilities, and Net Assets or Equity (cont'd)

2. Receivables and Payables

Activity between funds that are representative of lending/ borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of inter-fund loans) or "advances to/from other funds" (i.e., the non-current portion of inter-fund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

3. Notes Receivable

The City participates in a "Private Property Rehabilitation Program" funded under a Community Development Block Grant by the Department of Housing and Urban Development. The majority of the funding represents deferred loans payable at maturity date or on change of home ownership, whichever occurs first. The City maintains a security interest in the property. Interest rates on the loans range from non-interest bearing to eight percent.

4. Inventories and Prepaid Items

Inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories in the enterprise and internal service funds consist of expendable supplies held for consumption and are accounted for under the consumption method. The cost is recorded as an expense at the time the individual inventory items are used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

5. Property Taxes

Real Estate and Personal Property Used in Business

Property is assessed at its value on January 1. Property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on June 5 and December 5. The City bills and collects its own taxes. The City's real estate and business-related personal property taxes are levied each calendar year on all taxable property located in the City, and are accounted for in the General fund. Therefore, real estate and business-related personal property taxes that are due within the current fiscal year and collected within 45 days subsequent to year-end are recorded as revenue.

Levy Date	January 1
Lien Date	January 1
Due Date	June 5/December 5
Delinquent Date	June 6/December 6

Motor Vehicles

The City employs an innovative system providing for both proration and monthly billing/assessment for personal property taxes on motor vehicles. Property is assessed on the date which a vehicle gains situs in the City, using its value as of the immediately preceding January 1. Taxes attach as a lien on the property as of the date assessed, and are due thirty days after assessment. The City bills and collects its own taxes. These taxes are levied on each vehicle each year in the month in which the property first became taxable in the City. Vehicles already in the City at the adoption of this system were grandfathered in using the same system as for real estate, except that taxes were due in one installment on December 5. Replacement vehicles will be taxed using the new system. These taxes are accounted for in the General Fund. Accordingly, such taxes due within the current fiscal year and collected within 45 days subsequent to year-end are recorded as revenue.

Levy Date	Date on which legal situs is attained
Lien Date	Date on which legal situs is attained
Due Date	Thirty days after assessment
Delinquent Date	Thirty-one days after assessment

City of Winchester, Virginia
Notes to Financial Statements
June 30, 2005

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

D. Assets, Liabilities, and Net Assets or Equity (cont'd)

6. Allowance for Uncollectible Accounts

The City calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to approximately \$1,126,836 at June 30, 2005 and consisted of the following:

General Fund (property taxes)	\$ 1,122,165
Water and Sewer Fund	4,671
Total	<u>\$ 1,126,836</u>

7. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

8. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City defines capital assets as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. No interest was capitalized during the current year.

Property, plant, and equipment of the primary government, as well as the component units, is depreciated using the straight line method over the following estimated useful lives:

	<u>Years</u>
Buildings	25-50
Improvements other than buildings	10-65
Infrastructure	10-65
Machinery and equipment	5-30

9. Compensated Absences

In accordance with Government Accounting Standards Board Statement 16, "Accounting for Compensated Absences", the City has accrued the liability arising from compensated absences.

City employees earn vacation at a rate of 8 to 14 hours per month, depending on years of service. Sick leave is earned at the rate of one day per month. Benefits or pay is received for unused sick leave upon termination at 25% of its carrying value to a maximum of \$5,000 per employee after five years of credited service. Accumulated vacation up to forty-two days is paid upon termination.

Employees of the Discretely Presented Component Unit School Board, who retire under the Virginia Retirement System, have been employed by the School Board for the immediately preceding ten consecutive years prior to retirement in a full-time position receive \$25 a day for any unused sick leave up to a maximum of 90 days. Twelve-month employees who earn annual leave and retire under the Virginia Retirement System, but who are not eligible to participate or choose not to participate in the Voluntary Semi-Retirement Program and have worked for Winchester Public Schools for the immediately preceding ten consecutive years prior to retirement in a full-time position, shall be paid per diem upon retirement (based on their final annual salary) for their unused annual leave up to a maximum of twenty days.

City of Winchester, Virginia
Notes to Financial Statements
June 30, 2005

30

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

D. Assets, Liabilities, and Net Assets or Equity (cont'd)

9. Compensated Absences (cont'd)

All vacation and sick pay currently payable is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

10. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face value of the debt issued plus premium is reported as other financing sources. Discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

11. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

12. Net Assets

Net assets are the difference between assets and liabilities. Net assets invested in capital assets represent capital assets, less accumulated depreciation less any outstanding debt related to the acquisition, construction or improvement of those assets.

2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets

The governmental fund balance sheet includes a reconciliation between *fund balance—total governmental funds* and *net assets—governmental activities* as reported in the government-wide statements of net assets. One element of that reconciliation explains that “long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.” The details of these \$57,734,957, \$602,530, and \$43,089 differences for the primary government, discretely presented component unit-school board and parking authority, respectively, are as follows:

	Primary	Component Units	
	Government	School Board	Parking Authority
Bonds payable	\$ 55,393,281	\$ -	\$ -
Less: Unamortized bond issue costs	(438,570)	-	-
Less: Deferred charge on refunding	(1,081,908)	-	-
Less: Issuance discount	(2,064)	-	-
Plus: Issuance premium	662,213	-	-
Capital leases payable	945,288	-	-
Debt payment reported as prepaid item in fund financial statements	50,150	-	-
Accrued interest payable	831,743	-	-
Compensated absences	1,374,824	602,530	43,089
Net adjustment to reduce <i>fund balance—total governmental funds</i> to arrive at <i>net assets—governmental activities</i>	\$ 57,734,957	\$ 602,530	\$ 43,089

City of Winchester, Virginia
Notes to Financial Statements
June 30, 2005

2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Cont'd)

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net assets (cont'd)

Another element of that reconciliation explains that "Internal service funds are used by management to charge the costs of supplies, employee benefits, and risk management to individual funds. The assets and liabilities of the internal service funds are included in the governmental activities in the statement of net assets." The details of this \$1,886,033 difference in the primary government are as follows:

Net assets of the internal service funds	\$ 1,910,707
Less: Internal payable representing charges in excess of cost to business-type activities – prior years	(26,624)
Add: Internal receivable representing costs in excess of charges to business-type activities – current year	<u>1,950</u>
Net adjustments to increase <i>fund balance-total governmental funds</i> to arrive at <i>net assets-governmental activities</i>	<u>\$ 1,886,033</u>

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net changes in fund balances – total governmental funds* and *changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation states that "the issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this \$(15,668,292) difference in the primary government are as follows:

Debt issued or incurred:	
Capital lease financing	\$ (766,308)
Issuance of general obligation bonds	(28,172,590)
Plus premium	(620,625)
Principal repayments:	
General obligation debt	3,178,077
Capital lease	333,222
Payment to escrow agent for refunding	10,082,246
Bond issuance costs	<u>297,686</u>
Net adjustments to decrease <i>net changes in fund balances-total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	<u>\$ (15,668,292)</u>

Another element of that reconciliation states that "Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds." The details of these \$(294,484), \$(35,740), and \$1,000 differences for the primary government, discretely presented component unit-school board and parking authority, respectively, is as follows:

	Primary Government	Component Units	
		School Board	Parking Authority
Compensated absences	\$ 19,872	\$ (35,740)	\$ 1,000
Accrued interest	(198,760)	-	-
Amortization of bond issue costs	(33,999)	-	-
Amortization of issuance discount	(13,063)	-	-
Amortization of issuance premium	19,727	-	-
Amortization of deferred charge on refunding	<u>(88,261)</u>	<u>-</u>	<u>-</u>
Net adjustments to decrease <i>net changes in fund balances-total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	<u>\$ (294,484)</u>	<u>\$ (35,740)</u>	<u>\$ 1,000</u>

City of Winchester, Virginia
Notes to Financial Statements
June 30, 2005

2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Cont'd)

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities (cont'd)

Another element of that reconciliation explains that "Internal service funds are used by management to charge the costs of supplies, employee benefits, and risk management to individual funds. The net revenue (expense) of certain internal service funds is reported with governmental activities." The details of this \$14,776 difference in the primary government are as follows:

Changes in net assets of the internal service funds	\$ 12,826
Add: Loss from costs in excess of charges to business-type activities	<u>1,950</u>
Net adjustments to increase <i>net changes in fund balances-total governmental funds</i> to arrive at <i>changes in net assets of governmental activities</i>	<u>\$ 14,776</u>

C. Explanation of certain differences between the proprietary fund statement of net assets and the government-wide statement of net assets

The proprietary fund statement of net assets includes a reconciliation between *net assets-total enterprise funds* and *net assets of business-type activities* as reported in the government-wide statements of net assets. The description of the sole element of that reconciliation is "Adjustment to reflect the consolidation of internal service fund activities related to enterprise funds." The details of this \$24,674 difference are as follows:

Internal receivable representing charges in excess of costs to business-type activities – prior years	\$ 26,624
Internal receivable representing costs in excess of charges to business-type activities – current year	<u>(1,950)</u>
Net adjustment to increase <i>net assets-total enterprise funds</i> to arrive at <i>net assets-business-type activities</i>	<u>\$ 24,674</u>

3. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Information

The following procedures are used by the City in establishing the budgetary data reflected in the financial statements:

1. Prior to March 30 of each even-numbered year, the City Manager submits to the Common Council a proposed operating and capital budget for the two fiscal years commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain citizen comments.
3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution. Appropriated biennial budgets are adopted for the General, Special Revenue, and Capital Projects Funds of the primary government and component unit - school board.
4. The Appropriations Resolution is adopted at the fund, function, and department level and places legal restrictions on expenditures at the department level. The appropriation for each department can be revised only by the Council. The City Manager is authorized to transfer budgeted amounts within general government departments; however, the School Board is authorized to transfer budgeted amounts within the school system's departmental categories.
5. Formal budgetary integration is employed as a management control device during the year for the General Fund, Special Revenue Funds and the Capital Projects Funds. The discretely presented component unit - school board is integrated only at the level of legal adoption.
6. All budgets are adopted on a basis substantially consistent with generally accepted accounting principles (GAAP).

**City of Winchester, Virginia
Notes to Financial Statements
June 30, 2005**

3. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Cont'd)

Budgetary Information (cont'd)

7. Appropriations lapse on June 30, for all City funds.
8. All budget data presented in the accompanying financial statements is the appropriated budget as of June 30, as amended. The City required 5 budget amendments during the year, representing a net increase of \$64,838,002. Included in this amount are the anticipated expenditures from bond proceeds in the amount of \$20,000,000.

4. DEPOSITS AND INVESTMENTS

Deposits

All cash of the City and its discretely presented component units is maintained in accounts collateralized in accordance with the Virginia Security for Public Deposits Act, Section 2.2-4400 et. seq. of the Code of Virginia or covered by federal depository insurance.

Investments

The City's investments are subject to credit risk, concentration of credit risk, and interest rate risk as described below. The City's investments are not subject to custodial risk or foreign currency risk.

Credit Risk - Statutes authorize the City to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper and certain corporate notes, banker's acceptances, repurchase agreements and the State Treasurer's Local Government Investment Pool (LGIP). The City has no investment policy that would further limit its investment choices.

The City's rated debt investments as of June 30, 2005 were rated by Standard & Poor's and the ratings are presented below using the Standard & Poor's rating scale.

Investment Type	Fair Value	Fair Quality Ratings			
		AAA	AA	A	Unrated
<u>Primary Government</u>					
U.S. Agencies	\$ 7,901,886	\$ 7,901,886	\$ -	\$ -	\$ -

	<u>\$ 464,468</u>	<u>\$ 439,139</u>	<u>\$ 16,637</u>	<u>\$ 4,225</u>	<u>\$ 4,467</u>
Total Fair Value	\$ 63,952,995	\$ 62,353,240	\$ 787,529	\$ 309,762	\$ 502,464

City of Winchester, Virginia
Notes to Financial Statements
June 30, 2005

4. DEPOSITS AND INVESTMENTS (Cont'd)

Concentration of Credit Risk – The City places no limit on the amount the City may invest in any one issuer. At June 30, 2005, the City's investment in the Federal Home Loan Bank was 13.53% of the City's total investments.

Interest Rate Risk – As of June 30, 2005, the City had investments with the following maturities:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Investment Maturities (in years)</u>		
		<u>Less than 1</u>	<u>1 - 5</u>	<u>6 - 10</u>
<u>Primary Government</u>				
U.S. Agencies	\$ 7,901,886	\$ 7,901,886	\$ -	\$ -
Corporate Bonds	946,957	946,957	-	-
Money Market Funds	157,200	157,200	-	-
Virginia State Non-Arbitrage Program	29,233,476	29,233,476	-	-
Local Government Investment Pool	6,905,070	6,905,070	-	-
Municipal/Public Bonds	437,256	437,256	-	-
	<u>\$ 45,581,845</u>	<u>\$ 45,581,845</u>	<u>\$ -</u>	<u>\$ -</u>
 <u>Component Unit – School Board</u>				
U.S. Agencies	\$ 2,500,317	\$ 2,500,317	\$ -	\$ -
Corporate Bonds	409,396	319,840	89,556	-
Money Market Funds	340,797	340,797	-	-
Virginia State Non-Arbitrage Program	12,332,911	12,332,911	-	-
Local Government Investment Pool	2,184,905	2,184,905	-	-
Municipal/Public Bonds	138,356	138,356	-	-
	<u>\$ 17,906,682</u>	<u>\$ 17,817,126</u>	<u>\$ 89,556</u>	<u>\$ -</u>
 <u>Component Unit – Parking Authority</u>				
U.S. Agencies	\$ 224,498	\$ 224,498	\$ -	\$ -
Corporate Bonds	26,903	26,903	-	-
Money Market Funds	4,467	4,467	-	-
Local Government Investment Pool	196,177	196,177	-	-
Municipal/Public Bonds	12,423	12,423	-	-
	<u>\$ 464,468</u>	<u>\$ 464,468</u>	<u>\$ -</u>	<u>\$ -</u>
 Total Fair Value	<u>\$ 63,952,995</u>	<u>\$ 63,863,439</u>	<u>\$ 89,556</u>	<u>\$ -</u>

The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arriving from increasing interest rates.

5. DUE FROM OTHER GOVERNMENTS

The following amounts represent receivables from other governments at year-end:

	<u>Primary Government</u>	<u>Component Unit-School Board</u>
Commonwealth of Virginia:		
School funds	\$ -	\$ 1,135,291
State sales tax	-	257,914
Shared expenses	169,546	-
Local sales tax	1,728,388	-
Personal property tax relief	148,683	-
Welfare funds	443,665	-
Street and highway maintenance	485,698	-
Community development block grant	317,916	-
Transit grants	312,646	-
Other state funds	388,350	-
Total Due from the Commonwealth	<u>3,994,892</u>	<u>1,393,205</u>
Total Due from Other Governments	<u>\$ 3,994,892</u>	<u>\$ 1,393,205</u>

City of Winchester, Virginia
Notes to Financial Statements
June 30, 2005

6. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Inter-fund balances at June 30, 2005 consisted of the following:

Primary Government:

Due to General Fund from:	
Non-major enterprise fund - Bus Service	\$ 108,700
Non-major governmental funds	<u>458,306</u>
Total due to General Fund from other funds for cash advances	<u>\$ 567,006</u>

Component Unit School Board:

Due to School Operating Fund from:	
Federal Grants Fund for cash advance	<u>\$ 348,198</u>

Inter-fund transfers for the year ended June 30, 2005 consisted of the following:

Primary Government:

Transfers to General Fund from:	
Water and Sewer Fund	<u>\$ 1,086,698</u>

Transfers to non-major governmental funds from:	
General Fund	\$ 2,202,604
Water and Sewer Fund	<u>1,426,162</u>
Total transfers to non-major governmental funds	<u>\$ 3,628,766</u>

Transfers to non-major enterprise fund from:	
General Fund	<u>\$ 692,991</u>

Component Unit School Board:

Transfers to School Capital Improvement Fund from:	
School Operating Fund	<u>\$ 570,059</u>

Transfers to non-major governmental funds from:	
School Operating Fund	<u>\$ 605,000</u>

Transfers to internal service funds from:	
School Operating Fund – operating	<u>\$ 100,000</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs.

8. NOTES RECEIVABLE

School Capital Improvement Fund

During fiscal year 2000, the School Board dissolved an agreement with the counties of Frederick and Clarke, which had established the Dowell J. Howard Vocational School. Under the terms of the joint resolution, the School Board agreed to convey all interest in property of the vocational school to Frederick County Schools for \$1,558,500. The sum of \$1,558,500 was to be paid over seven (7) years in equal semi-annual installments, without interest, of \$111,321, beginning January 31, 2000 and ending June 30, 2006. As of June 30, 2005, the remaining balance on the note receivable was \$222,643.

9. DEFERRED REVENUE

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities in the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of fiscal year 2005, the various components of deferred revenue and unearned revenue reported in the governmental funds were as follows:

	<u>Unavailable</u>	<u>Unearned</u>
Deferred Property Tax Revenue, representing uncollected tax billings at June 30, 2005 (General Fund)	\$ 1,260,621	\$ -
Property Taxes Paid in Advance, representing property taxes not yet due, but paid by June 30, 2005 (General Fund)	-	482,370
Grants received in advance, representing advance grant funding, not yet expended at June 30, 2005 (Special Revenue Fund)	-	335,740
Total deferred revenue for governmental funds	<u>\$ 1,260,621</u>	<u>\$ 818,110</u>

10. LONG-TERM DEBT

PRIMARY GOVERNMENT

Annual requirements to amortize long-term debt and related interest are as follows:

Year Ending June 30	<u>Governmental Activities</u>				<u>Business-type Activities</u>	
	<u>General Obligation Debt</u>		<u>Capital Lease Agreements</u>		<u>General Obligation Debt</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2006	\$ 3,919,110	\$ 2,135,493	\$ 260,730	\$ 29,848	\$ 1,088,136	\$ 926,872
2007	3,910,371	1,999,108	259,212	26,243	1,126,667	877,953

Advance Refunding

On October 21, 2004, the City issued \$15,020,000 general obligation refunding bonds to provide resources to purchase U.S. Treasury Obligations that were placed in an irrevocable trust for the purpose of generating resources for future debt service payments of \$14,220,000 of three earlier general obligation issues. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental and business-type activities columns of the statement of net assets. The reacquisition price exceeded the net carrying amount of the old debt by \$748,924. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is the same as the life of the new debt issued. This advance refunding was undertaken to reduce total debt service payments over the next fifteen years by \$889,224 and resulted in an economic gain of \$616,251.

At June 30, 2005, \$24,325,000 of bonds outstanding is considered defeased.

11. CAPITAL LEASES

The City has entered into lease agreements as lessee for financing the acquisition of various school equipment and 8 buses. The future minimum lease obligations of these leases and the net present value of these minimum lease payments as of June 30, 2005 are as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2006	290,578
2007	285,455
2008	282,347
2009	<u>163,097</u>
Total minimum lease payments	1,021,477
Less: amount representing interest	<u>(76,189)</u>
Present value of minimum lease payments	<u>\$ 945,288</u>

12. CONTINGENT LIABILITIES

Federal programs in which the City participates were audited in accordance with provisions of U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Pursuant to the provisions of this document, all major programs were tested for compliance with applicable grant requirements. While no matters of noncompliance were disclosed by audit, the Federal government may subject grant programs to additional compliance tests, which may result in disallowed expenditures. In the opinion of management, any future disallowances of current grant program expenditures, if any, would be immaterial.

The City is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City's counsel, the resolution of these matters will not have a material adverse affect on the financial condition of the government.

13. CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS

In connection with the multi-purpose general obligation bonds issued in 2003, the City continued or began major renovations or construction of a public works facility, courtroom renovations, Daniel Morgan Middle School and Utility projects.

	<u>General</u>	<u>Schools</u>	<u>Utilities</u>
Estimated project costs	\$ 1,090,000	\$ 5,620,000	\$ 2,885,000
Costs incurred through 6-30-05	<u>(241,696)</u>	<u>(5,587,591)</u>	<u>(2,895,795)</u>
Estimated remaining costs	<u>\$ 848,304</u>	<u>\$ 32,409</u>	<u>\$ (10,795)</u>

13. CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS (Cont'd)

These Series 2003 projects are expected to exceed \$9,595,000. Additional funding to continue the utilities and schools projects will be funded by Series 2005 Bonds, which are expected to be issued in November 2005.

In connection with the multi-purpose general obligation bonds issued in 2004, the City continued or began major renovations or construction of Daniel Morgan Middle School, John Handley High School, and Utility projects.

	<u>Schools</u>	<u>Utilities</u>
Estimated project costs	\$ 18,420,000	\$ 1,580,000
Costs incurred through 6-30-05	<u>(16,356,419)</u>	<u>(453,975)</u>
Estimated remaining costs	<u>\$ 2,063,581</u>	<u>\$ 1,126,025</u>

These projects are expected to exceed \$20,000,000. Additional funding to complete the schools projects will be funded by Series 2005 bonds, which are expected to be issued in November 2005.

14. DEFINED BENEFIT PENSION PLAN

Plan Description

The City of Winchester contributes to the Virginia Retirement System (VRS), an agent and cost-sharing multiple-employer defined benefit pension plan administered by the Virginia Retirement System (System). In addition, the City of Winchester School Board contributes to the VRS for both its professional and non-professional employees. All full-time, salaried permanent employees of participating employers must participate in the VRS. Benefits vest after five years of service. Employees are eligible for an unreduced retirement benefit at age 65 with 5 years of service (age 60 for participating local law enforcement officers, firefighters, and sheriffs) or at age 50 with at least 30 years of service if elected by the employer (age 50 with at least 25 years of service for participating local law enforcement officers, firefighters, and sheriffs) payable monthly for life in an amount equal to 1.7 percent of their average final compensation (AFC) for each year of credited service. Benefits are actuarially reduced for retirees who retire prior to becoming eligible for full retirement benefits. In addition, retirees qualify for annual cost-of-living increases limited to 5 percent per year beginning in their second year of retirement. AFC is defined as the highest consecutive 36 months of reported compensation. Participating local law enforcement officers, firefighters, and sheriffs may receive a monthly benefit supplement if they retire prior to age 65. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia (1950), as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

The System issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for VRS. A copy of that report may be downloaded from their website at <http://www.varetire.org/Pdf/2004AnnuRept.pdf> or obtained by writing to the System at P. O. Box 2500, Richmond, VA 23218-2500.

Funding Policy

Plan members are required by Title 51.1 of the Code of Virginia (1950), as amended, to contribute 5% of their annual salary to the VRS. The employer may assume this 5% member contribution. In addition, the City is required to contribute the remaining amounts necessary to fund its participation in the VRS using the actuarial basis specified by the Code of Virginia and approved by the VRS Board of Trustees. The City's contribution rate for the fiscal year ended 2005 was 7.50% of annual covered payroll. The City School Board contribution rate for the fiscal year ended 2005 was 3.00% of annual covered payroll of non-professional employees.

The City School Board's required contributions to the teacher cost-sharing pool were \$1,196,821 for fiscal year 2005, \$707,694 for fiscal year 2004 and \$686,815 for fiscal year 2003. In each year, the School Board contributed 100% of the required contributions.

Annual Pension Cost

For fiscal year 2005, the City's annual pension cost of \$1,149,801 was equal to the City's required and actual contributions. For fiscal year 2005, the City School Board's annual pension cost of \$43,984 for its non-professional employees was equal to the School Board's required and actual contributions. The required contributions were determined as part of the June 30, 2003 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions included (a) 8 percent investment rate of return, (b) projected salary increases ranging from 4.00 percent to 7.00 percent per year, and (c) 3.00 percent per year cost-of-living adjustments. Both (a) and (b) included an inflation component of 3.00 percent. The actuarial value of the City's assets is equal to the modified market value of assets. This method uses techniques that smooth the effects of short-term volatility in the market value of assets over a five-year period. The City's unfunded actuarial accrued liability is being amortized as a level percentage of payroll on an open basis within a period of 30 years or less.

15. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has joined together with other cities and counties in the Virginia Local Government Risk Management Plan (VARISK2), a public entity risk pool currently operating as a common risk management and insurance program for several member cities and counties in Virginia. The City pays an annual premium to VARISK2 for its public officials general liability and public officials law enforcement liability insurance coverage. The agreement for formation of the VARISK2 provides that VARISK2 will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of \$1 million for each insured event.

Through the Virginia Municipal League, the City has joined together with other cities and counties in the Virginia Municipal Group Self Insurance Association (VMGSIA) and the Virginia Municipal Liability Pool (VMLP), public entity risk pools currently operating as common risk management and insurance programs for several member cities and counties in Virginia. The City pays an annual premium to VMGSIA for its workers' compensation and employer's liability insurance coverage, and to VMLP for its general liability and commercial automotive coverage. The agreements for formation of the VMGSIA and VMLP provide that they will be self-sustaining through member premiums. Workers' compensation coverage provides the benefits as set forth in the Virginia Workers' Compensation Act. VMLP will reinsure through commercial insurance companies for claims in excess of \$5 million for general liability, and \$5 million for automotive liability.

Through the Virginia School Board Association, the component unit school board has joined together with school boards of other cities and counties in the VSBA Insurance Program and School Systems of VA Group Self-Insurance Association, public entity risk pools currently operating as an insurance program and common risk management for several member city and county school boards in Virginia. The school board pays annual premiums to VSBA Insurance Program and School Systems of VA Group Self-Insurance Association for its employer liability insurance coverage and worker's compensation insurance coverage. The agreement for formation of VSBA Insurance Program and School Systems of VA Group Self-Insurance Association provides that it will be self-sustaining through member premiums. The Worker's compensation coverage provides the benefits set forth in the Virginia Workers' Compensation Act.

The City carries commercial insurance for all other risks of loss, including property, commercial crime and fidelity, and employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

The City and School Board Component Unit are partially self-insured for health insurance coverage for their respective employees, and account for the uninsured risks of loss within Internal Service Funds. From the Internal Service Funds, the City and School Board pay up to the annual stop loss limit of \$75,000 per person, and purchase commercial insurance for claims in excess of such limits. The City and School Board make payments to a claims service provider based on estimates of the amounts needed to pay prior-year and current-year claims in addition to the premiums for the stop loss coverage. Excess amounts accumulated in the Funds are reserved for the possibility of future catastrophic losses.

15. RISK MANAGEMENT (Cont'd)

For the City and School Board, the claim liabilities reported at June 30, 2005 of \$191,134 and \$308,561, respectively, are based on the requirements of Governmental Accounting Standards Board statement number 10 which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The statement further requires that the portion of the claims liability expected to be paid with available financial resources be reported as a fund liability. Changes in the City and School Board claims liability amount for fiscal year 2003, 2004, and 2005 are shown below.

<u>Year Ended</u>	<u>Beginning Liability</u>	<u>Current-Year Claims and Changes in Estimates</u>	<u>Claim Payments</u>	<u>Balance at Year-end</u>
<u>Primary Government</u>				
2003	\$ 172,281	\$ 1,390,687	\$ 1,426,259	\$ 136,709
2004	136,709	1,907,356	1,866,152	177,913
2005	177,913	2,070,204	2,056,983	191,134

Sheriff	30,000
<u>VML Insurance Programs</u>	
All City employees (including Social Services) – blanket bond	500,000
Treasurer	50,000

17. RELATED PARTY TRANSACTIONS

During fiscal year 2005, the City paid \$95,837 to Tire Distributors, Inc. for automobile repair services. As noted in the annual statements of economic interests filed by Council members and other city administrators, one member of the City's Common Council has economic interests in this business.

18. OTHER POSTEMPLOYMENT BENEFITS

In addition to the pension benefits described in Note 14, the City provides post-retirement health care benefits for employees who are eligible for retirement benefits. As of June 30, 2005, a retiree is eligible to participate in the City's health insurance plan if the following requirements are met: a) they must meet VRS requirements for service retirement b) they must be a current participant in the City's health insurance program, and c) they must be under age 65 and not eligible for Medicare.

For fiscal year 2005, 32 retirees were both eligible and participated in this benefit. The City contributes 100% towards the cost of the lowest health care coverage policy in effect. The participants pay the remaining cost if they select a higher coverage policy. The City contributed a total of \$108,854 towards retiree health insurance for fiscal year 2005.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Social Service Fund - to account for the provision of health and welfare services. Financing is provided by state and federal funds, which may be used only for this purpose.

Comprehensive Services Fund - to account for the provisions of special services to youth and families required by the Comprehensive Services Act. Financing is provided by state funds, which may be used only for this purpose.

Federal and State Grants Fund - to account for the proceeds of state and federal grants, and the related local match and other revenues, the expenditure of which is governed by the terms of the grants for specified purposes. Currently, those grants are specified for law enforcement and related judicial administration.

Community Development Block Grant Fund - to account for the proceeds from Private Property Rehabilitation Program deferred loans funded under a Community Development Block Grant by the Department of Housing and Urban Development.

Small Cities/Housing Fund - to account for the costs of providing housing assistance. Financing is provided by loan payments made by homeowners as well as state funding received.

Highway Maintenance Fund - to account for the proceeds of state street and highway maintenance grants, and the related expenditure which is to be used for this purpose.

Emergency Communication Center Fund - to account for E-911 tax receipts and other emergency technology grants received from the state. Financing provided by grants, as well as the E-911 tax receipts, may only be used to fund the operation of the E-911 system.

Winchester-Frederick County Convention and Visitors Bureau Fund - to account for the costs of a shared visitors bureau. Financing is provided in equal amounts by the City of Winchester and Frederick County.

Law Library Fund - to account for the purchase of reference material for the law library. Financing is provided by a portion of court fines levied. Such funds are limited to expenditures for this purpose.

Asset Forfeiture Fund - to account for the proceeds from the seizure of assets in the investigation of criminal activities, the expenditure of which is governed by federal and state law enforcement agencies.

DEBT SERVICE FUNDS

School Bond Debt Service Fund - to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related charges.

CAPITAL PROJECTS FUNDS

Capital Improvement Fund - to account for the financing and construction of capital projects of the general government. Financing is provided by general revenue and bond issues and the expenditures are for various construction projects and professional services.

INTERNAL SERVICE FUNDS

Employee Benefits Fund - to account for the receipt and payment of funds for City employee fringe benefits, including health insurance and worker's compensation. Cost reimbursement revenues paid by departments and agencies of the City, as well as participating employees, are used to provide the employee fringe benefits.

Equipment Operating Fund - to account for the purchase and use of equipment inventory, which is provided to departments and agencies of the City on a cost reimbursement basis.

City Insurance Fund – to account for the costs associated with providing risk management services to the departments and agencies of the City. Costs are accumulated and payments are received from the City on a cost reimbursement basis.

THIS PAGE IS INTENTIONALLY LEFT BLANK.

DISCRETELY PRESENTED COMPONENT UNIT - SCHOOL BOARD

MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

School Operating Fund - to account for the operations and maintenance of the six city-owned schools. Financing is provided by state and federal funds, and by appropriations from the City's general revenues. State and federal education funds received may be used only for this purpose. Annual appropriations from general revenues were restricted by the Appropriations Resolution to education expenditures.

CAPITAL PROJECTS FUNDS

Capital Improvement Fund - School - created to account for unexpended school funds allowed by the Common Council to be carried over to future periods for school related capital projects.

School Construction Fund - to account for the financing and construction of school capital projects. Currently, financing is provided by bond proceeds. Expenditures are for the construction of school facilities.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

School Cafeteria Fund - to account for the operation and maintenance of the cafeterias of the six City-owned schools. Financing is provided primarily from charges for services and federal and state lunch subsidies. Such funds are limited by federal and state law to expenditures for cafeteria operations and maintenance.

Federal Grants Fund - to account for the proceeds from a 21st Century Community Learning Center federal grant and other federal grants. Such funds are limited to specified educational expenditures that are governed by the terms of the grant.

School Textbook Fund - to account for the purchase and sale of school textbooks. Financing is provided primarily by the transfer of funds from the School Fund and funds so received are limited by the School Board to expenditure only for school textbooks.

INTERNAL SERVICE FUNDS

School Insurance Fund - to account for the operation of a partially self-insured employee health insurance program. Receipts from the School Board and participating employees are used to pay claims and purchase insurance for excess claims.

School Consolidated Maintenance Fund - to account for the repairs and maintenance services provided by the School Maintenance Department. Costs are accumulated and reimbursed by the School Board.

FIDUCIARY FUNDS

PRIVATE-PURPOSE TRUST FUNDS

Newton B. Shingleton, M. Louise Cooper, and School Scholarship Funds –to account for donations received for the purpose of funding scholarships.

AGENCY FUNDS

School Employee Benefits Fund - to account for funds withheld and payment of funds for payroll withholding taxes for all school employees.

Amounts reported for governmental activities in the statement of activities (Exhibit 2) are different because:

Governmental funds reported capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay (20,551,943) exceeded depreciation (757,915) in the current period.	19,794,028
In the statement of activities, only the <i>gain</i> on the sale of capital assets is reported, whereas in the governmental funds, the entire proceeds from the sale increase financial resources. Thus, the change in net assets differs from the change in fund balances by the <i>cost</i> of the property sold.	(105,439)
Internal service funds are used by management to charge the costs of maintenance and risk management, to individual funds. The net revenue (expense) of these internal service funds is reported with governmental activities.	146,819
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.	(35,740)
Change in net assets of governmental activities	<u>\$ 19,229,401</u>

DISCRETELY PRESENTED COMPONENT UNIT - PARKING AUTHORITY**SPECIAL REVENUE FUNDS**

Parking Authority Fund - to account for the provision of parking facilities to City residents and visitors through City-owned parking lots and garages and metered on-street parking. All activities necessary to provide such services are included in the fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing and collection.

CITY OF WINCHESTER, VIRGINIA
BALANCE SHEET
DISCRETELY PRESENTED COMPONENT UNIT - WINCHESTER PARKING AUTHORITY
June 30, 2005

	Exhibit 42
	Parking Authority Fund
ASSETS	
Cash	\$ 130,150
Investments	464,468
Receivables (net of allowance for uncollectibles:	
Accounts	286
Interest receivable	<u>1,363</u>
Total assets	<u>\$ 596,267</u>
LIABILITIES AND FUND BALANCES	
Liabilities:	
Accounts payable	26,342
Accrued payroll	<u>17,376</u>
Total liabilities	<u>43,718</u>
Fund balances:	
Unreserved:	
Undesignated	<u>552,549</u>
Total fund balances	<u>552,549</u>
Total liabilities and fund balances	<u>\$ 596,267</u>
 Total fund balances - governmental funds - per above	 \$ 552,549
Amounts reported for governmental activities in the statement of net assets (Exhibit 1) are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	1,113,622
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.	<u>(43,089)</u>
Net assets of governmental activities	<u>\$ 1,623,082</u>

CITY OF WINCHESTER, VIRGINIA
STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCE
DISCRETELY PRESENTED COMPONENT UNIT -
WINCHESTER PARKING AUTHORITY
For the Year Ended June 30, 2005

	Exhibit 43
	Parking Authority Fund
REVENUES	
Other local taxes	\$ 12,500
Fines & forfeitures	135,957
Revenues from use of money and property	8,487
Charges for services	436,594
Miscellaneous	298
Total revenues	<u>593,836</u>
EXPENDITURES	
Public works	<u>613,888</u>
Total expenditures	<u>613,888</u>
Excess (deficiency) of revenues over (under) expenditures	(20,052)
Fund balance - beginning	<u>572,601</u>
Fund balance - ending	<u>\$ 552,549</u>
Net change in fund balances - total governmental funds - per above	\$ (20,052)
Amounts reported for governmental activities in the statement of activities (Exhibit 2) are different because:	
Governmental funds reported capital outlays as expenditures. However, in the statement of of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation (45,950) exceeded capital outlay (-0-) in the current period.	(45,950)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.	<u>1,000</u>
Change in net assets of governmental activities	<u>\$ (65,002)</u>

2004	0.63	3.50	1.20	0.63
2005	0.63	3.50	1.30	0.63

Notes:

- (1) Although the City of Winchester has a semi-annual billing for Real Estate, with due dates of December 5 and June 5 in each fiscal year, the rate remains the same.
- (2) 2003 real estate taxes were originally levied using a tax rate of \$0.69. Subsequent to June 30, 2003, the City lowered the rate to \$0.58, which was retroactive to the first semi-annual billing due 6/5/03.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Members of the Common Council
City of Winchester, Virginia

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Winchester, Virginia (the "City"), as of and for the year ended June 30, 2005, which collectively comprise the City's basic financial statements and have issued our report thereon dated September 21, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted a matter involving the internal control over financial reporting, which we have reported to management of the City in a separate letter dated September 21, 2005.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted an immaterial instance of noncompliance that we have reported to management of the City in a separate letter dated September 21, 2005.

This report is intended solely for the information and use of management, the Common Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM
AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

The Honorable Members of the Common Council
City of Winchester, Virginia

Compliance

We have audited the compliance of the City of Winchester, Virginia (the "City") with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2005. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and *Specifications for Audits of Counties, Cities, and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2005.

Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of management, the Common Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

CITY OF WINCHESTER, VIRGINIA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
Year Ended June 30, 2005

I. SUMMARY OF THE AUDITOR'S RESULTS

- a. The auditor's report expresses an unqualified opinion on the financial statements of the City of Winchester.
- b. No reportable conditions in internal control were disclosed during the audit of the financial statements.
- c. No instance of noncompliance material to the financial statements of the City of Winchester were disclosed during the audit.
- d. No reportable conditions in internal control over major federal award programs were disclosed during the audit.
- e. The auditor's report on compliance for the major federal award programs for the City of Winchester expresses an unqualified opinion on all major federal programs.
- f. The audit did not disclose any audit findings required to be reported.

- g. The programs tested as major programs included:

	<u>CFDA</u> <u>No.</u>
i. <u>Food Stamp Cluster:</u>	
Food Stamp Program	10.551
State Administrative Funding for the Food Stamp Program	10.561
ii. <u>Nutrition Cluster:</u>

SUMMARY OF STATE AND LOCAL COMPLIANCE MATTERS

The Honorable Members of the Common Council
City of Winchester, Virginia

As more fully described in the Independent Auditor's Report on Compliance for the year ended June 30, 2005, we performed tests of the City's compliance with certain provisions of the laws, regulations, contracts, and grants shown below.

STATE COMPLIANCE MATTERS

Code of Virginia:

Budget and Appropriation Laws
Cash and Investments Laws
Conflicts of Interest Act
Local Retirement Systems
Debt Provisions
Procurement Laws
Uniform Disposition of Unclaimed Property Act
Personal Property Tax Relief Act
Enhanced 911 Service Taxes

State Agency Requirements:

Education
Social Services
Highway Maintenance Funds

LOCAL COMPLIANCE MATTERS

Budget and Appropriation Ordinances

Didawick & Knopp, P.C.
